To
Professor Daniel Agustin Godoy,
President of Latin American Brain
Injury Consortium

Dear Professor Daniel Agustin Godoy, first of all let us express our deep appreciation for your invitation of the Association of Specialists in Neuroanesthesia and Neurocritical Care to be affiliated with the Latin American Brain Injury Consortium. Our Society was founded in 2011, and it involves neurointensivists, neuroanesthesiologists, neurosurgeons, neurologists, neuroradiologists, neurophysiologists, and nurses. Web site is: <http://www.neuroshkola.ru>.

We certainly recognize the absolute priority of international collaboration for sustainable scientific and academic development of our Society. Also, we share and support all the points of the memorandum. Thus, we are ready for the affiliation with the Latin American Brain Injury Consortium.
